Help When in Need

(Psalm 107:1-9, 17-22)

Praise the Lord! God's love is forever!

God rules all the Earth. He helps His people through all situations, no matter where they are or what troubles they experience. All living things depend on God to take care of them. God gives them food to eat and water to drink, and they

are glad. Everyone needs God. When we need God, we can cry out for Him. When God provides for us, we should praise Him.

We can give praise to God. God has provided so much for us. We can sing praises to God for being so wonderful to us. His love never fails.

For the Parents

Dear Parents/Guardians,

In today's lesson, your child heard about how God provides for us. God's love is forever, so we should always praise Him. To reinforce today's lesson, read a Bible story lesson with your child about God's love. After the story, help your child identify what God did in the story and how He was praised. Take the time to praise God with your child.
